

From the menu, players can choose between play mode and shop mode. In play mode, the objective of this game is to collect coins throughout the game's terrain while avoiding moving vehicles and staying in the camera frame. The player can be controlled using the arrow keys. Colliding with the coins will increase your score and colliding with any obstacle will result in a lost game. The shop mode includes 6 skins which can be purchased and equipped. The player's score and skins are stored throughout runs of the game.
